#### **F** Project Update: Embracing a Multichain Future

At BUDYZ, our mission has always been about more than just technology — it's about building a loyal, engaged, and compassionate community inspired by Bud and the values he represents. As we grow, so does our vision. Today, we're excited to share a strategic update on how we're positioning BUDYZ for long-term success.

🔁 A Strategic Shift: \$BUDYZ Token Moving to Solana

We've decided to launch the official \$BUDYZ token on the Solana blockchain, leveraging its ultrafast transactions, low fees, and growing memecoin ecosystem. By using trusted Solana platforms, we'll be able to launch with locked liquidity and transparent tokenomics — making \$BUDYZ safer, faster, and ready to thrive.

Why Solana?

- **F** Lightning-fast transactions (sub-second finality)
- 💸 Extremely low fees (great for micro-interactions)
- **I** Liquidity lock features for added security
- 🚀 Strong community support for memecoins and viral tokens
- K What Stays the Same: Polygon and Pi Network Still Matter

This shift doesn't change our ongoing and future activities on Polygon and the Pi Network:

🔽 On Polygon

- Our NFTs (including The Budyz 500, Genesis Badge, and PI Edition Badge) remain active and accessible.
- All rewards connected to these badges will still be honored no action is required from holders.
- Future utility and gamified features for NFTs are still in development.
- 🔽 On the Pi Network
- We're finalizing integration of the PI SDK to verify user participation and grant access to exclusive rewards.
- BUDYZ remains committed to exploring new frontiers with the Pi Network and expanding adoption beyond Web3-native users.
- Why Multichain? The Best of All Worlds

By building BUDYZ across multiple chains, we:

- $\cancel{x}$  Increase visibility and accessibility
- **T** Maximize community benefits (NFTs + token)
- Solana tokens
- • Extend adoption through Pi Network's massive user base

One mission, many chains — united by Bud.

🔮 What's Coming Next

- 🎉 The Community Kickstart Airdrop begins soon rewarding NFT holders with \$BUDYZ
- 🛷 Final testing of the PI Edition Badge app
- Deployment of \$BUDYZ on Solana with locked liquidity
- Y Expansion of the BUDYZ roadmap toward The Budyz Foundation

Thank you for believing in this vision. Whether you're holding a badge, supporting on socials, or

joining from the Pi Network, you're part of something bigger — and together, we're just getting started.

#### Update: Presenting the Hall of Budyz — The Top 40

As we continue rewarding our earliest and most loyal supporters, we've been hard at work tracking activity, engagement, and participation across our social platforms. After carefully reviewing community data and interactions, we've made an important decision.

We will officially showcase only the Top 40 Budyz in The Hall of Budyz — our exclusive community recognition space.

#### Why This Change?

Originally, we envisioned highlighting a larger group, but as we dived deeper into the data, we prioritized quality over quantity. Here's why:

- 1. Authentic Engagement
- 2. We reviewed every handle, interaction, retweet, and post to ensure that those featured were genuinely involved not bots or accounts created for airdrop farming.
- 3. Transparency & Credibility
- 4. By selecting the Top 40 based on visible contributions, we create a fair, curated, and verifiable recognition list.
- 5. Focus on Real Contributors
- 6. This approach celebrates the voices, faces, and tweets that truly helped BUDYZ grow during its early stages the ones who showed up, stood out, and shared the mission.
- **What Makes The Top 40 Special?**
- They will be featured in The Hall of Budyz a permanent page on our website.
- Each profile will be listed by Twitter handle, with links to their activity.
- This is our way of honoring the early community that helped BUDYZ take its first real steps.

These Top 100 Budyz didn't just support us — they believed in us.

#### 🔒 Fairness First

To ensure full transparency:

- We manually reviewed and cleaned the list, removing duplicates, suspicious accounts, and low-quality engagements.
- The full eligibility data remains archived and auditable to preserve our accountability.
- •
- 🙌 What About the Others?

If you're not on the Top 40 list — don't worry!

- You may still be eligible for airdrops through NFTs (BUDYZ 500, Genesis Badge, PI Edition Badge).
- More community contests, NFT rewards, and airdrops are on the horizon.
- The Hall of Budyz is just the beginning we're building long-term trust and participation, and there will be many chances to shine.

The Hall of Budyz isn't just a list — it's a legacy.

Thank you to everyone who has supported us so far. Whether you're in the Top 100 or just getting started, you are a part of the BUDYZ movement — and we're only getting started.
